

# Conditions of entry and security screening

English

## Conditions of entry

- All persons entering via a public entrance are subject to security screening.
- Persons may be required to state their name and state the purpose of their visit.
- All visitors must follow the reasonable directions given by Authorised Officers, Security or Sheriff Officers. Failure to comply with reasonable directions may result in a person being asked to leave the premises, a fine or arrest.
- No animals are allowed on the premises except for companion animals authorised under the *Domestic Animals Act 2000* (ACT).
- No photography, video or sound recording is permitted by visitors within the Courts precinct without permission.
- Briefcases, bags, boxes and parcels must not be left unattended at any time.
- Surveillance cameras are in constant use throughout the buildings.
- Smoking, alcohol, illegal drugs and the wearing of helmets is not permitted.
- Potentially dangerous items are not permitted to be brought into the building, including glass bottles or containers.

## Personal and baggage screening

Screening is undertaken each time a person enters a public entrance to a Court or Tribunal building. If a dangerous item is detected during the course of security screening, the owner of that item, or the person carrying it, will be asked to either:

- Surrender the item to a Court or Tribunal Security Officer for the duration of their stay on the premises; or
- Be asked to leave the premises.

Persons are required to lift their own items on and off the x-ray machine. Items surrendered at screening and not collected within 7 days will be disposed of in accordance with the *ACT Uncollected Goods Act 1996*. Persons may be asked to remove bulky items of clothing for security scanning, such as coats, hats and shoes.

## Modified screening

Screening may be modified to cater for people with special needs as described below.

### People with pacemakers and similar medical devices:

Any person who has a defibrillator or a pacemaker medically implanted is not required to proceed through the screening machine. Persons are scanned by security with a hand held wand whilst the person places their hand firmly over the site of the pacemaker.

**Pregnant women:** Pregnant women are required to comply with entry screening with the exception of hand held wand devices which may be dangerous to pregnant women.

**Wheelchairs and mobility transport devices:**

People entering a building in wheelchairs or other mobility devices who are unable to proceed through the screening machine on foot will be subject to manual screening and inspection using a hand held wand.

**Child conveyances:** Child conveyances such as strollers, prams, backpacks and portable car restraints will be screened through the x-ray machine or subject to manual screening if they are unable to fit.

**Assistance animals:** Assistance animals are subject to manual screening.

**Solicitor/Barrister ID card:** Eligible persons may apply for a Legal Practitioner screening exemption pass (LPE). An application form can be obtained from court security or via [Contracts@courts.act.gov.au](mailto:Contracts@courts.act.gov.au). The conditions relating to exemptions are listed on the application form.

## Delays when entering the ACT Law Courts

In the event of a breakdown or failure of any part of the security screening system, a manual screening process may be undertaken. Priority screening may be provided to legal practitioners and Court staff who present appropriate identification at the security screening point.
